INTERACTIVE FLAT PANELS FOR EDUCATION

LE & LM SERIES
A simple, delightful, purposeful catalyst for classes
Available sizes
65", 75" 86" & 98"

TeachWell

Today's lessons made easy

Instant connection via USB-C

A single-cord solution for data, video and power with no preparation or technical know-how required

USB Type-C

Power charge

Touch
Video
Audio

With True Flicker-Free technology, a blue light filter, and an anti-glare coating, the IFP Series offers a superior viewing experience that is both eye-friendly and energy-efficient.

Normal | Advanced Eye-Care Technology

Wireless Connection via E-Share

5GHz / 2.4Hz wifi
Dual-Band Wireless Support

Superlative E-Share application allows Teachers to Connect upto 9 Different Devices Wirelessly through a QR Code for cable-free classes

Ultra Fine Touch Technology delivers a smooth, natural handwriting experience

- 4K resolution offers super clear colors and graphics along with TUV certified for low blue light emission.
- Whiteboard-Note software offering customizable, secure and future proof whiteboarding solution.
- Upgradeable Slot in PC options for more speed, flexibility and versatility.

| Anti Finger Touch | Wireless Screen Sharing upto 9 devices | Interactive Whiteboard | 2 Speakers | 4K Ultra High Defination | Android 14 Operating System |

Tell A Great Lesson
Prepare-Present-Participate

TeachWell

#startupindia

PREPARE
Make your lessons stand out. Import a wide range of lesson assets from Microsoft, Google G Suite and Others.

PRESENT
Present your rich content on the cloud and distribute it to any internet-connected device.

PARTICIPATE
Myriad audio-visual tools through students can take pop quizzes and share their inputs.

SUPERLATIVE offers total solutions for education - We aim to offer the right mix of EdTech elements combining security, flexibility and user centric applications for modern pedagogies thus giving teachers the digital tools they need and freeing up their valuable time and resources. The inbuilt Split Screen Feature enables the user to operate the Panel for multipurpose usage.

✏️ Whiteboard

A powerful tool for dynamic lessons, engaging content and sharing.
Whether you teach using Windows, Android or Chrome Whiteboard-Note Writing Software fits easily into practically any classroom and has myriad of educational tools for enhanced learning
